## What is a Bahro?

Bahro are amazing creatures, capable of linking at will.

## How do they link?

A Bahro has a small “handprint” on their chest. They touch it to link. It is also possible that a Bahro needed to touch a Slate to link before they were freed.

## Can Bahro fly?

Yep. Bahro have wings that fold up in their back. A rumor says that a Bahro can't fly if it's shoulder skin was removed.

## Bahro “Bubbles” >>

On the four Ages seen while completing the Quest (MYST 5), there are Takes and Keeps. These weird objects are encased within a bubble. It is unknown how the Bahro made the bubble.

## Bahro Pedestals >>

Like bubbles, they allow you to link without books. By drawing the symbol on the Slate and setting it on the ground, you can tell a Bahro to put the Slate on that pedestal

## Bahro Wedges >>

These pile up on your Relto after you beat an Age and visit it's Bahro Cave.

# Bahro and Humans

- » This section highlights the Tablet, the Slates, and ways the Bahro are like us.

## Confused Bahro >>

When a Bahro is confused, it scratches it's head, just like us.

## Scared Bahro >>

In MYST 5, you see several Bahro, usually on sections of Earth, that run away when they see you.

## The Slate >>

The Slate is used as a communication device between humans and Bahro.

## The Tablet >>

Sometimes referred to as “The Golden Tablet”, this device was made by the D’ni to control the Bahro.
